

BRT-10 Datasheet

The BRT-10 is a high performance compact cabinet which is ideally suited to both portable use and fixed installation, offering extremely flexible mounting options including a top hat and both horizontal and vertical mounting yokes, rotatable horns, integrated handle and internal passive crossover designed to match the voicing of other products in the series, all achieving a flat, linear frequency response.

The discreet design with reticulated foam front and acrylic textured paint finish and multiple integrated fixing points achieves a high class look suitable for any application.

Designed with an OHM 10" proprietary 300 W, 8 Ohm woofer and 1" compression driver, the internal passive crossover ensures a linear, usable frequency response of 72 Hz to 22 kHz (-10 dB) across 90°x 60° dispersion with rotatable horn. A maximum SPL of 127.8 dB (peak).

Sharing voicing characteristics with the rest of the BR series allowing them to be used simultaneously, keeping a consistent tone.

Mounting options include integrated aluminium top-hat and horizontal cradle fixing points for use with the BRC-10 Horizontal, BRC-10 Vertical Yoke and rear mounted pan and tilt bracket PTL. Other fixings can be used with this cabinet such as the fixed large wall bracket (LWB) and pan and tilt wall bracket (LWB-PT). This product is also Powerdrive compatible with the type 100 plate products.

The rear cast aluminium connection plate has two 4 pin speakON® connectors fitted as standard, one input and one link. The speakON® connectors are wired on pins +1-1, with pass through of pins +2-2.

Custom RAL colours are available on request to make their appearance even more seamless with the surroundings. The discreet design with reticulated foam front and acrylic textured paint finish and multiple integrated fixing points achieves a high class look suitable for any application.

Weather resistant version is available with gland back plate, Polyurethane plus enamelled paint finish and metal grill front and 100v transformer with 3.75, 7.5, 15, 30 and 60 W tap settings.

Key Features:

- Suitable for install and portable
- 8 Ohm Impedance
- Rotatable 90° x 60° horn for enhanced flexibility
- 127.5 dB SPL in a compact cabinet
- Multiple mounting options available
- Powerdrive tm compatible
- Available in weather resistant version
- Custom RAL Colours available on request

Technical Specifications

Design

10" Reflex Tuned, Mid High Point Source
Cabinet

Impedance

8 Ohm, Minimum 6.6 @ 230 Hz

Power Handling (AES)

300 Watts (continuous)

Max. Power Handling (AES)

600 Watts (program)
1200 Watts (peak 10 ms)

Sensitivity 2.83V / 1m

97 dB

Max. SPL

121.8 dB cont
127.8 dB peak

Frequency Response (±3 dB)

86 Hz - 21 kHz

Usable Frequency Range (-10 dB)

72 Hz - 22 kHz

Dispersion

90° x 60° , Rotational

SYSTEM OPERATION

Recommended Amplification

300 - 600 Watts

System Controller

Ohm DSP Solutions (Optional)

Speaker Cables

Min - 2 x 2.5 mm²
Preferred - 2 x 4 mm²

PRODUCT FEATURES

Components

1 x 10" Low Frequency Driver
1 x 1" Horn loaded Compression Driver

Crossover

Passive - 1.59kHz
Active - * LPF -
HPF - 100Hz

Connectors

2 x 4 pole Speakon Connectors

Dimensions (H x W x D mm)

512.5 x 320 x 280

Weight (kg)

20.8

Shipping Weight (kg)

21.8 (1 cabinet per carton)

Colour

Black

Options

Available in white or RAL colours on request
Weather resistant version on request

Rigging

4 x mounting for Powerdrive Bracket. 4 x mounting points for installation brackets, omni-mounting point for stand or truss adaptor, (optional 2 x 3 point adaptor for Horizontal Mounting)

HARDWARE

Fitted as Standard

Small cast aluminium top hat, Blanking plate

Optional

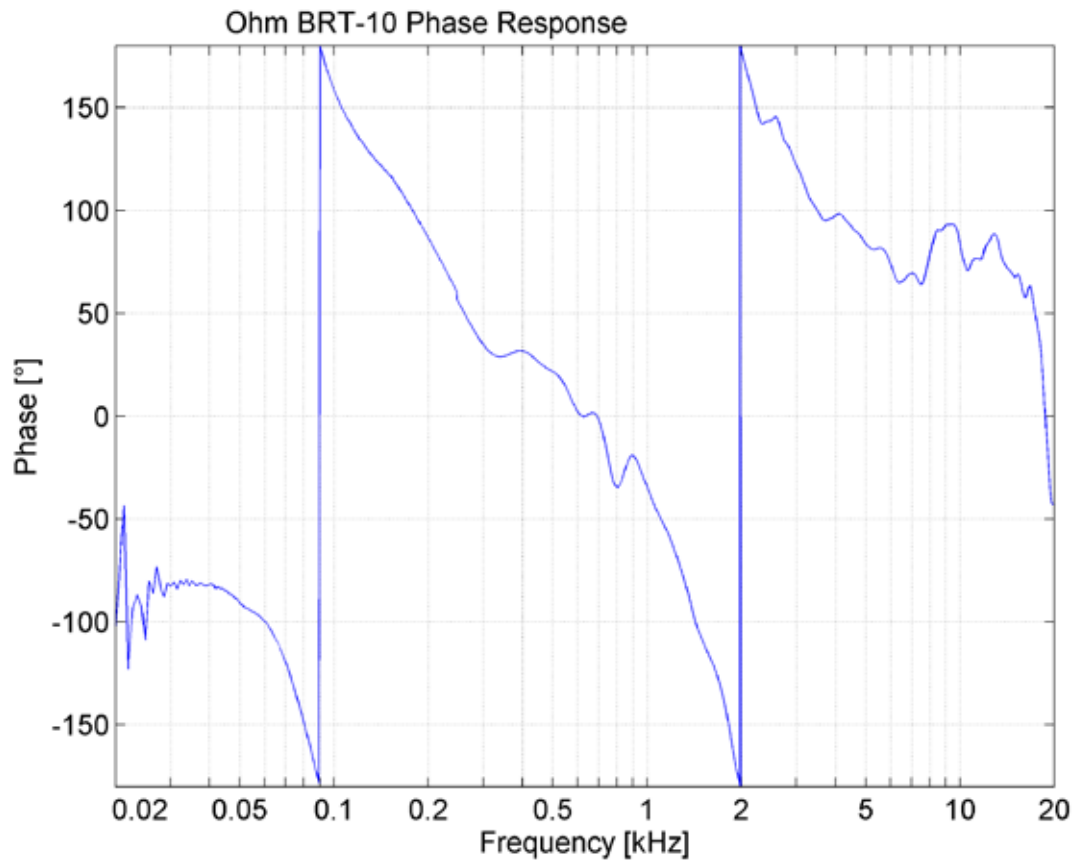

Horizontal cradle base, BRC-10 cradle vertical, BRC-10 cradle horizontal, LWB-PT large wall bracket pan and tilt with 35mm spigot, PTL large wall bracket pan and tilt, LWB large wall bracket, SS-1 speaker stand, TP-1 adjustable threaded pole.

Additional Descriptive Data

Birch plywood construction, with durable scratch resistant black textured paint finish, kick-proof steel grill and black foam with Ohm logo.

BRT-10 Measurements

All Measurements are executed by the IFAA Institute for Acoustics in Aachen, Germany
measurement conditions 4PI environment for full range cabinets, 2Pi environment for subwoofers.

Accessories and Spare Parts

- Small cast aluminium top hat
- Horizontal cradle base
- Blanking plate
- BRC-10 cradle vertical
- BRC-10 cradle horizontal
- LWB-PT large wall bracket pan and tilt with 35mm spigot
- PTL large wall bracket pan and tilt
- LWB large wall bracket
- SS-1 speaker stand
- TP-1 adjustable threaded pole
- TP-1P threaded mounting plate
- 1 x 10" low frequency driver
- 1 x 1" horn loaded compression driver
- BRT-10 steel grill assembly
- BRT-10 backplate and crossover
- Steel OHM logo

Architects' & Engineers' specifications:

2-Way dynamic loudspeaker in a multi purpose enclosure design, housing 1 x 10" proprietary OHM low mid bass driver, internally and externally ventilated double sided high temperature voice coil, 1" exit compression driver on rotatable 90° x 60° CD horn. Homogeneous radiating behaviour and linear response from 500 Hz. Integrated passive crossover with phase optimization. Constructed from different multi-laminated wood, eco-friendly scratch resistant paint, 4 x flying points for cradle mount, 4 x Mounting for Powerdrive Bracket, omni-mounting point for stand or truss adaptor, 2 x optional horizontal cradle base plates to allow horizontal installation, skid-proof rubber feet, ergonomic carry handle, kick proof steel grill finished with external reticulated foam and Ohm logo.

Technical Data:

Frequency Response: 72 Hz - 22 kHz (-10dB), 86 Hz - 21 kHz (± 3 dB), Continuous SPL: 121.8 dB/1m, Program SPL 124.8 dB/1m, Peak 127.8 dB/1 m. Power Handling: 300 Watt cont. IEC268 AES, Maximum Power Handling: 600 Watt prog. / 1200 Watt peak, Impedance Nominal: 8 ohm, Dispersion Nominal: 90° x 60° (hor. x vert.) rotational, Connectors: 2 x Speakon NL4MP (1+/1-, 2+/2- links). Dimensions (H x W x D): 512.5 mm x 320 mm x 280 mm, Weight: 20.8 kg. Options: Durable scratch resistant black textured paint finish. RAL colours available to order.

Safety Instructions

Professional speaker systems are able to produce sound pressure levels that could harm your health.

Never stand directly in front of loudspeakers for long periods. Whilst not immediately apparent to the listener, sound pressure levels in excess of 90dB@1m can be hazardous to the hearing.

Please refer to the following advice when setting up or dismantling OHM speaker systems.

1. Be sure to leave adequate distance between speakers and the public. Refer to your local authority for Health and Safety guidance when using loudspeaker systems.
2. Be sure to have safe and stable ground for your speakers, particularly when using speaker stands.
3. When stacking speaker systems, ensure they are secured to prevent individual speakers from falling down or moving around.
4. Only use OHM mounting hardware, as this has been specified and approved by OHM (UK) LTD for use with OHM speakers.
5. When flying speakers, appropriate materials and techniques must be employed in order to safely suspend enclosures, taking care to allow for specified enclosure weight.
6. Please observe any special instructions that appear on specific loudspeaker data-sheets.
7. Check your speaker hardware and flying material regularly for any visual or mechanical failure. Replace damaged or suspect items when necessary.

Safety Instructions Cont.

8. Only use OHM DSP Solutions. Only technicians authorised by OHM (UK) LTD are qualified to program digital controllers. Take note of recommended controllers as specified on the datasheets. Do not use OHM loudspeaker systems without the correct controller. If a system fails due to incorrect controller use, warranty is void.

9. Protect your speakers and electronics from freezing and do not expose them to humidity, water or rain without protection.

OHM loudspeakers and electronics are covered against defects in workmanship or materials for a period of two (2) years from original date of purchase. At the discretion of OHM (UK) LTD, the defective item will be repaired/replaced with no charge for materials or labour. The item is to be adequately packed and dispatched, pre-paid, to an OHM authorised distributor/service centre. Unauthorised repair shall void the warranty. The OHM warranty does not cover cosmetics or finish and does not apply to any item which in OHM's opinion has failed due to user abuse, accident, modifications or any type of misuse.
